

SCINETIQ
Technology Solutions (Pty) Ltd

ABOUT US

Scinetiq Technology Solutions (Pty) Ltd is a privately owned South African company passionate about the development and integration of solutions for the critical infrastructure protection, civil security, and other smart technology domains. STS leverages the power of the Internet of Things (IoT), connectivity and situational awareness with geospatial intelligence to support complex organisational environments in the public and private commercial sectors.

THE SCINETIQ DIFFERENCE

We believe in sustainable relationships by embedding ourselves into our clients' operational environments to understand their challenges, defining required outcomes and by selecting best-of-breed technologies from our extensive partner base to provide effective and cost-effective solutions that ultimately provide the organisational value required.

HOW DO WE DO IT

Scinetiq Technology Solutions provides trusted solutions through strategic collaborative partnerships with customers and technology providers to provide *design, supply, integration, implementation, training, and support services.*
